

## ROCKVILLE SCIENCE DAY 2010

Sunday, April 25, 2010, Noon to 5 p.m.

Montgomery College, Rockville Campus

Set-up: Saturday, April 24, 4 to 6 p.m. & Sunday April 25, 10 a.m. to noon

### INVITATION TO EXHIBIT

The Rockville Consortium for Science invites you to bring a hands-on exhibit to the twenty-first Rockville Science Day that will be held at Montgomery College's Rockville Campus on the above date. Individuals are welcome to exhibit independently of an organization.

This year we are emphasizing **careers in science and technology**. To address the issues facing us in the 21<sup>st</sup> century, we will need many more scientists and engineers. We need schools and teachers to encourage all our students to explore careers in science and technology. And we need corporations and governments to provide job opportunities for our students. We would like your exhibit to show a life time of excitement in science and technology.

We recommend that you involve the audience as much as possible as this produces the most effective results. Allow visitors to use scientific instruments, computers, handle specimens or technological products. We request that those of you who have participated before develop a different exhibit, if possible. If you are planning to provide hand outs, be advised that last year we had over 2000 visitors but, as most people come as families, you may need fewer pieces.

**If you intend to participate, please fill out and return the enclosed form by March 1, 2010. You can download the exhibitor form at <http://www.rockvillescience.org/rcsday.html>**

Check out our web site at [www.rockvillescience.org](http://www.rockvillescience.org) for pictures and programs from past years and for information on the Rockville Consortium for Science.

For more information call Bob Ekman at 301-512-1278  
or e-mail at [scienceday@rockvillescience.org](mailto:scienceday@rockvillescience.org)

We will send you a reply when we receive your form  
and send you exhibit directions in March.

**PLEASE JOIN US IN MAKING SCIENCE DAY A GREAT SUCCESS**
